

2011 AIRUSH RAZOR

6th Line setting on the Razor

Congratulations on purchasing the Airush Razor!

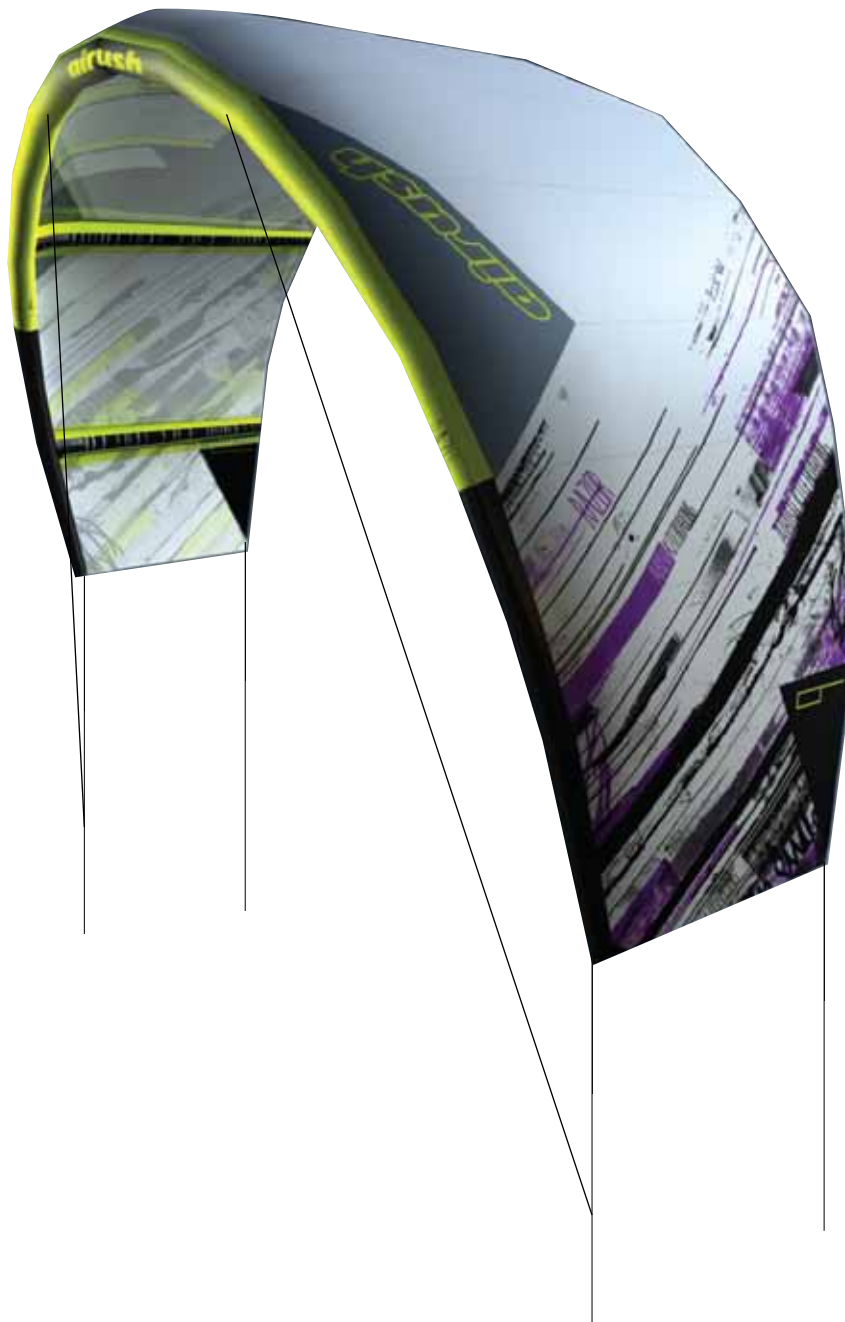

Your new kite can be use on a 6 lines setting.

Please read the following instructions to set up the Razor on a 4 lines bar.

Step 01 : Remove the 5th line from your bar and from the kite

Step 02 : Attach the 6th line on the flying lines at the 3m extension connection

Step 03 : Attach the other side of the 6th line on the leading edge of the razor to the extra points 2 panels away from the centre
